BAP Ministries News

Newsletter Vol 1

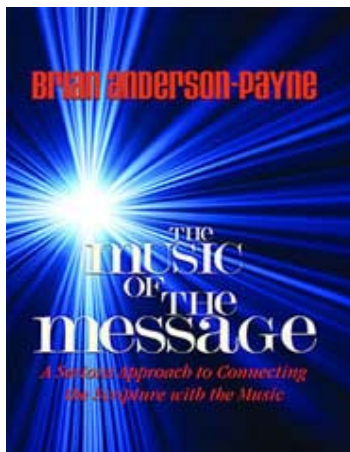

April 2009

Dear Mary,

Praise God from whom ALL blessings flow!

Thanks for taking a second to check in with BAP Ministries. By most accounts, this is a time of great slowdown. By definition, that's what a recession is! Well guess what? BAP Ministries chooses not to participate! We're not slowing down. Matter of fact, the pressure has actually inspired us to pick it up and hit full speed ahead!

You won't believe what we're preparing to hit you with this year! Expect to be brought up to speed with the happenings surrounding the latest CD (and companion book) *The Music of the Message*. We'll take you on the road with the group as we podcast performances and behind the scenes video. You'll be the first to have group performance dates, preaching dates and other ministry events. You'll be able to participate in our amazing interactive video bible study.....and so much more! So get ready and take the breaks off!

"The Music of the Message"

Infused with the belief that many gospel songs somehow left out the "gospel". Brian Anderson-Payne set out to write songs that celebrated the scriptures.

In his studies, he learned that ***gospel music doesn't give us a message, The "message" (gospel) gives us the music.***

As he began to write the songs, the Lord encouraged him to provide a greater biblical understanding of what he was creating. So, he wrote biblical interpretations for each song. He had no idea that those writings would become the companion book to the CD, "The Music of the Messgae". It is our hope that you will take it upon yourself to not only enjoy the CD but feed yourself with the book. Listen to the songs and let your spirit become filled with the words

of our Lord.

***** The Project's CD is now available on Itunes, Rhapsody, Napster, and CD Baby. Go Online and check us out. Just look for Brian Anderson-Payne *****
